CROGER ARNOLD SAYS

One makes a mistake if the selection of an article is
altogether influenced by the word "Bargain," that's an
elastic word and too often a false and misleading signal,
it's the Quality and then the Price that indicates the value
of an item

The highest qualities in these—they're STANDARD

you back full value. If you'll compare OUR prices, you'll

TWO MEASURES PASSED

SENATE ACTS ON REVENUE RE-
DUCTION AND PROTECTION
OF PRESIDENT.

PROTEST FROM MR. TILLMAN

South Carolina Senator Wants the
Duty of 10 Cents a Pound Retained
on Tea—But 15 Votes Are Record-
ed Against the Presidential Pro-
tection Bill—All Amendments Are
Rejected.

Washington, March 22.—Two impor-
tant measures were passed by the sen-
ate, the bill for the repeal of the war
revenue war taxes and that for the
protection of the president of the United
States. The former measure was
passed without division, and after only
one short speech. Mr. Tillman em-
braced the opportunity afforded by the
bill's consideration to protest against
the repeal of the duty of 10 cents a
pound upon tea.

The bill for the protection of the
president was under discussion during
the greater part of the session. Mr.
Patterson of Colorado, made an ex-
tended speech in opposition to it, and
Mr. Fairbanks supported it. All
amendments to the measure were re-
jected and it was passed by a vote
of 52 to 15.

The bill provides that any person
within the United States who shall
wilfully and maliciously kill the pres-
ident or any officer on whom the du-
ties of president may devolve, or any
sovereign of a foreign country, or
shall attempt to kill any of the per-
sons named, shall suffer death; that
any person who shall aid, abet, ad-
vise or counsel the killing of any of
the persons named, or shall conspire
to accomplish their death, shall be im-
prisoned not exceeding 20 years; that
any person who shall threaten to kill
or advise or counsel another to kill
the president, or any official on whom
the duties of president may devolve,
shall be imprisoned not exceeding 10
years; that any person who shall wil-
fully aid in the escape of any person
guilty of any of the offenses mention-
ed shall be deemed an accomplice and
shall be punished as a principal. The
secretary of war is directed to detail
from the regular army a guard of of-
ficers and men to protect the pres-
ident, "without any unnecessary dis-
play," and the secretary is authorized
to make regulations as to the dress,
arms and equipment of such guard.

CANNOT BE PUNISHED.

Senate Committee Holds That Miles'
Utterances Were Privileged.

Washington, March 22.—The printed
testimony of General Miles has not yet
been made public and it is understood
that it will be submitted to him for ap-
proval. It is well understood that a
great deal of what he said will not ap-
pear in the record. Members of the
committee say the report published
was correct in substance in every par-
ticular. At the same time these sen-
ators do not agree that General Miles
can be punished for his utterances
before the committee whether they
appear in the record or not. Of course
the committee could take no action to
prevent the retirement of General
Miles. That, under the law, is purely
an executive act and needs no con-
firmation or approval of the senate.

Secretary Root was in consultation
for some time with President Roose-
velt at the White House regarding the
statement of General Miles before the
military affairs committee of the sen-
ate. Senator Spooner also was pres-
ent. Secretary Root declined to talk
for publication concerning the mat-
ter, saying that he had not read the
testimony given by General Miles be-
fore the committee.

FOR RIVERS AND HARBORS.

Measure Is Passed by the House With-
out Division.

Washington, March 22.—The house
passed the river and harbor bill, which
has been under consideration through-
out the week. Although several minor
amendments were adopted, not a
single dollar was added to the measure
and, as passed, it carried exactly what
it did when it came from the commit-
tee—\$60,688,267, including authoriza-
tions. Mr. Sulzer of New York, at-
tempted to force a record vote on the
final passage of the bill, but only three
members, Messrs. Smith (Ia.), Fitz-
gerald (N. Y.) and Cochran (Mo.),
supported him.

WANTS TAFT SENT BACK.

Senor Buencamino Sends a Character-
istic Letter to Secretary Root.

Washington, March 22.—Secretary
Root has received a characteristic let-
ter from Mr. Felipe Buencamino, who
was one of the leaders in the original
Philippine government under Aguinal-
do, and is now a member of the Philip-
pine civil service commission and a
staunch friend of the United States
government: "Permit me," he says,
"to offer you my congratulations for
your policy over my people. In my
people's name I request that you send
promptly hereto Governor Taft."

The officials are highly gratified at
this unsolicited evidence of the appre-
ciation by the friendly Filipinos of the
efforts of Governor Taft to ameliorate
their condition and give them good
government.

RUHLIN THE WINNER.

Defeats Peter Maher in Two Rounds
at Philadelphia.

Philadelphia, March 22.—Gus Ruhlin
and Peter Maher met at the Industrial
Athletic club for a 6-round go, and in
the latter part of the second round
Maher went down and out from a hard
left on the jaw. Ruhlin had the bet-
ter of the go as far as it went. He
repeatedly rushed Maher to the ropes.

In the first round the men rushed to
a clinch. Ruhlin jabbing his left to
Peter's face twice and they again came
to a clinch. Gus again jabbed his left
to the face and Peter returned his left
to Ruhlin's ear. Several exchanges
followed without particular damage.
Maher then planted a right on Ruhlin's
eye, bringing first blood. The men
were sparring at the bell.

BUILDINGS UNDERMINED.

New York Residences Damaged by
Excavation for Tunnel.

New York, March 22.—Park avenue,
this city, was again the scene of an
accident which, while it entailed no
loss of life, caused a property loss of
considerable proportions. The brown
stone fronts of several 4-story private
houses on the east side of the avenue
sank because of the undermining of
the foundations by excavations for the
rapid transit tunnel. The first serious
cave-in occurred when the sidewalk
and arway of 55 Park avenue sank
to a considerable depth, leaving the
front wall with no support and expos-
ing the cellar. The houses on either
side of No. 55 were also rendered un-
safe. Later in the afternoon there
occurred a further settling of the walls
and sidewalks and the residents on
the east side of the block were order-
ed by the police to leave their homes.

The tunnel along Park avenue,
where the trouble occurred, is bored
through solid rock. Seams of rock
for a distance of about 60 feet com-
menced to slide in a lateral direction
into the tunnel Wednesday night. It
was not believed, however, that any
great damage would be done until the
first cave-in occurred.

The financial loss was estimated at
\$75,000 to \$100,000.

HAD TO USE DRAWBRIDGE.

Paderewski Insists on Having His
Private Car Turned Around.

Davenport, Ia., March 22.—Paderew-
ski caused great trouble among the
yardmen of the Rock Island road here.
He insisted that his private car be
turned around for the return trip to
Chicago. He could not or would not
sleep except with his head toward the
locomotive. It was soon found that
there was no turntable in this vicinity
big enough for his 70-foot Pullman car.
Then someone suggested that the car
turned on the draw of the government
bridge that crosses the Mississippi
river here. This draw swings both
ways, and is the biggest turntable in
America, but was never used for that
purpose before. With the car centered
over it, the draw was swung around a
half a circle and the car made ready
for the pianist.

KARVO CONVICTED.

Found Guilty of Murder in the Second
Degree at Duluth.

Duluth, March 22.—Stens Karvo has
been found guilty of murder in the
second degree for killing Jacob Milly-
macki Jan. 10. Karvo is a Finlander
and his crime was a brutal one. Mil-
lymacki was standing at a bar in a
saloon with some friends when Karvo
came in. Going over to Millymacki
he struck a terrible blow at his neck
with a knife, and before he could be
pulled away had almost severed his
victim's head from the body.

Karvo has since given indications
of insanity, and that was the basis of
his defense. No motive was develop-
ed by the prosecution. The penalty
under second degree murder is life
imprisonment.

IN DEPLORABLE CONDITION.

Settlers in Northern Arkansas Have
Subsisted on Acorns for Days.

Kansas City, Mo., March 22.—In an
effort to relieve the condition of set-
tlers in the drouth-stricken section of
Northern Arkansas, steps were taken
at the livestock exchange to raise con-
tributions to purchase provisions for
the suffering people. A general ap-
peal is to be made to the people of
Kansas City.

Deplorable stories of want and des-
titution have been brought from Ar-
kansas, in the northern part of which
state, it is said, many families have
subsisted for days on acorns alone.

The scarcity of food is caused by a
drouth which has continued since Ap-
ril of last year.

Wants the Crimes Act Enforced.

London, March 22.—The Times in an
editorial assumes that at the cabinet
meeting of Friday the question of en-
forcing the Crimes act was again dis-
cussed, and expresses impatience with
the government's timorousness in deal-
ing with the growing power of the
United Irish League. The Times
says it will be perilous for the
ministers any longer to shut their eyes
to the serious condition of Ireland.

Weather.
Partly cloudy and possibly unsettled weather tonight and Sunday.

BEHIND is holding a term of court which the Pioneer says will cover several weeks, there being 80 civil cases to try and the grand jury is expected to bring in twenty indictments.

ACCORDING to the dispatches sent out from St. Cloud the democratic meeting held there yesterday did not indorse a candidate for congress from the Sixth district as was expected. A motion was made to that effect but it did not prevail.

THE Aitkin Republican says that some weeks ago Captain Shook wrote Congressman Morris suggesting the propriety of the government making an appropriation to clear out the obstructions on the river between Brainerd and Grand Rapids, and a few days ago he received a reply from the congressman stating that when he brought the matter up the committee at this session, "upon looking over the reports we found that the commerce along that part of the river had been gradually diminishing until, according to the engineer's report, it was practically inconsiderable." However, Judge Morris convinced the committee that navigation was about to be resumed and that the commerce on this stretch of the river would hereafter be "considerable," and it was decided to allow him \$10,000 for maintaining navigation on the river between the two points named. Judge Morris also writes that he has had a provision put into the river and harbors bill directing a re-examination of the river between Brainerd and Sandy Lake dam for the purpose of ascertaining the cause of and the means of preventing the overflows.

Boys, wake up to the fact that you can get the very best suits now at Linneman & Carlson's for \$18 to \$25. Every suit will be sent up to be fitted on before it is finished.

Grimmer's Sarcasm.

The Brainerd DISPATCH is authority for the statement that Prof. Torrens will be a candidate for superintendent of the St. Cloud and also of the Stillwater schools. Stillwater is a much nicer town than St. Cloud.—St. Cloud Journal-Press.

PROTEST FROM GOMPERS.

Objects to the Amended Anti-Injunction Bill in the Senate.

Washington, March 22.—Samuel Gompers, president of the American Federation of Labor, has sent to the senate a protest against the "conspiracy" or anti-injunction bill as reported to the senate on the 17th inst., by the committee on the judiciary. He says that when the bill was first reported Feb. 3, "it was received by all parties in interest as a measure calculated to right a wrong too long endured." This feeling, however, was rudely changed, he says, by the latest report. He quoted the opinion of an attorney to the effect of the bill as now reported "is completely subversive of all principles of liberty," and added, "organized labor seeks no immunity from the law applicable to all other citizens and people of our country, but must insist that those things which are legal when performed by other citizens ought not to be illegal when performed by members of organized labor, and it was to recover those rights to the members of organized labor that the original bill was drafted."

He concludes by saying that the labor interests would prefer the defeat of the bill as amended to its passage. He however, asks that the original bill be favorably acted upon.

NOT THOUGHT IMPORTANT.

Colombia's Purpose to Censor Diplomatic Cable Dispatches.

Washington, March 22.—The state and navy departments have been informed of the purpose of the government of Colombia to censor all dispatches passing over the cables between diplomatic and consular officers on the isthmus and their home governments. The notice came to the navy department from Captain Reisinger of the Philadelphia, now at Panama, and the state department had its information from the cable companies. Very little importance is attached to the notice for there have been many such in recent years which never were enforced against the United States at least. Our government, being under obligation to protect isthmian transit, undoubtedly would hold that the free use of the cables and telegraphs is necessary to the exercise of that power, and would not permit any interference with it. With a war vessel on either side of the isthmus there is little doubt of the physical ability of our government to protect its cable communication.

ADVANCE FOR COUGHLIN.

Said the President Will Remit Part of a Courtmartial Sentence.

Washington, March 22.—It is understood that Captain Joseph B. Coughlin is about to be advanced five numbers on the list of naval captains through the remission by the president of part of the sentence of a courtmartial from which he is now suffering. Years ago when the captain was a junior officer, he clashed with the detail officer of the navy department and for writing a sharp letter was courtmartialled and sentenced to lose 11 numbers in his grade. By the special act rewarding the captains of the United States fleet engaged in the battle of Manila bay, Captain Coughlin regained some of the lost numbers and he now seeks to be completely reinstated. This would place Captain Coughlin second on the list of naval captains, just below Captain Sands, jumping him over Captains Clark, Cook, Wise and Yates Stirling, and he would become a rear admiral in the course of the year through the retirements of Rear Admirals Remy and Farquhar.

TAKE IN THE TOWN.

Thousands of Knights of Pythias Enjoy Chicago's Hospitality.

Chicago, March 22.—Though their jubilee was at an end, thousands of visiting Knights of Pythias spent the day in Chicago. Various visiting lodges became guests of the different lodges at banquets, balls and other entertainments. The jubilee as declared to be by far the most successful in point of attendance ever held by the organization. There were delegates from Florida and from California, and from Maine and New Jersey. Whole lodges attended from points a thousand miles away from Chicago. "The jubilee was a great success," said Grand Chancellor Cushing, "and we are now more than pleased with the result. The meeting will awaken interest in the organization and also will prove of great benefit to the knights individually."

TRANSFER OF CUBA.

Governor Wood Summoned to Washington to Arrange for It.

Washington, March 22.—A conference on Cuban affairs will be held in this city between Governor General Wood, who is now on his way to Washington, and the president and the secretary of war. It is probable that Mr. Palma, president-elect of Cuba, who is expected in Washington soon, also will be invited to confer with the president in regard to the proposed transfer of the government of the island to his charge. General Wood was specially summoned to Washington by the president to arrange for the transfer.

BONDED FLOURING MILLS.

Entire Product Must Be Sold Outside the Country.

Washington, March 22.—In reply to inquiries in regard to bonded flour manufacturing warehouses, Assistant Secretary of the Treasury Spaulding has held that under section 15 of the tariff act of 1897 no articles or materials received into bonded manufacturing warehouses can be withdrawn except for exportation. Domestic wheat may be transferred to a bonded manufacturing warehouse for manufacture with imported wheat, but the flour and all of the by-products from the combined manufacture must be exported. Used the Mills to Defraud.

St. Louis, Mo., March 22.—St. Louis government officers have placed under arrest a man named Charles F. Reuter, alias George W. Werner, whom they will endeavor to convict of using the mails to defraud, he having attempted to induce 200 women located all over the country to correspond with him, ostensibly with a view to matrimony. Reuter confessed to numerous fraudulent transactions.

HARRY A. LYNDON
IS PROMOTED
Has Been Made Master Mechanic
of Minnesota Division-Head-
quarters at Staples.

JURISDICTIONS ARE CHANGED.
Master Mechanic Bean Will Have
the Lake Superior Division
and Shops.

Quite a surprise was sprung in railroad circles this morning when a circular made its appearance announcing the promotion of Harry A. Lyndon, who has been for a number of years general foreman of the shops of the Northern Pacific in this city.

Mr. Lyndon has been promoted to the position of master mechanic of the Minnesota division of the Northern Pacific, with headquarters at Staples.

The jurisdiction over which Master Mechanic Bean has ruled has been divided so that his labors will be greatly reduced and he will be given more time for the detail work at the shops. Heretofore Mr. Bean has had charge of all of the Lake Superior and Minnesota divisions with all their branches. The former includes the line from Staples to Duluth and from Duluth to Ashland, Wis., with all the branches and all the trackage in the Minnesota division from St. Paul to Fargo and from Winnipeg Junction to Pembina. Mr. Lyndon, just appointed master mechanic will have charge of the lines from St. Paul to Fargo with all its branches and also the line from Winnipeg Junction to Pembina. It is a very responsible position as it is one of the most important divisions of the road.

Harry A. Lyndon is one of those men who has risen to the top by absolute merit. He started to work in the shops in this city about fifteen years ago as a machinist, and has remained constantly in Brainerd with the exception of a short time when he was at Mandan as general foreman of the shops there. He arose from the position of machinist and has filled every position almost connected with the mechanical department that would necessarily fit him for the responsible position which he has now been tendered. He will for the time being make Brainerd his home going to Staples to attend to his duties. He certainly has the best wishes of a large circle of friends in this city.

Along with the announcement that Mr. Lyndon had been promoted comes the appointment of Arthur Dinan, who is to succeed Mr. Lyndon at the Northern Pacific shops in this He has for years been general foreman of the N. P. shops at Gladstone and comes highly recommended. He was for eighteen years general foreman for the Chicago, Minneapolis, St. Paul & Omaha at St. Paul.

The circular also announces the appointment of C. S. Larrison, of Fargo, as air brake inspector of the Minnesota division with headquarters at St. Paul, succeeding J. E. Goodman. Mr. Goodman has been promoted to the position of mechanical inspector of the Minnesota division with headquarters in St. Paul.

WHERE CHICKENS GET THE AXE
The Young Men Arrested on Complaint of
Jerome Kelleher Brought Before Judge Blewitt.

This morning Philip Sylvester, Chas. Sundeen and Hans Ausdahl were taken before his honor, Judge Blewitt to have a hearing on the charge of stealing some blankets from the Globe hotel. The first two mentioned were found guilty and were sentenced to pay a fine of \$30 or spend thirty days in the county jail. The case against Ausdahl was dismissed as it was not proven that he had any connection with the matter. The other two were sent to jail.

Jerome Kelleher caused to have a warrant issued afterwards for Frank Tilley, charging him with being implicated in the affair also. Tilley was fined \$30 and he paid it on the spot.

BOTH LEGS ARE BROKEN.
Contractor James Kellehan Meets with An
Unfortunate Accident Yesterday
Afternoon.

Yesterday afternoon Contractor James Kellehan met with a very painful accident and one which may cause him considerable trouble. He had the misfortune to have both his legs broken and was immediately removed to the N. P. Sanitarium.

Mr. Kellehan was engaged with a number of men in moving two old skows belonging to a lumber company from the N. P. yards to the flats on the Mississippi river. When the brow of the hill had been reached and as soon as one of the old skows started down the incline it got away from the crew and Mr. Kellehan being in front of it he was thrown down and a roller passed over both his legs, one was broke below the knee and the other just above the knee.

The injured man was moved at once to the Northern Pacific Sanitarium, where his wounds were dressed. Mr. Kellehan has the sympathy of a large circle of friends.

A Vassar girl, writing home after a holiday vacation, says: "Our compartment in the Pioneer Limited on the Milwaukee road was as cozy and comfortable as my own room at home. **AITKIN CERTAINLY
GOT IT RIGHT HARD**

The Basket Ball Team From That
Town Got A Hard Drubbing
In This City.

IT WAS A VERY BUM GAME.

Aitkin's Players Did not Even Score
Once During the Even-
ing.

Brainerd 80; Aitkin 0.

There was a game of basket ball last night in Gardner hall, that is it was supposed to be a game, but in fact it was so one-sided that it could hardly be called a game at all.

The game was between the high schools of Brainerd and Aitkin and the former won out by a big margin. The Brainerd boys had it in for the Aitkin team ever since the foot ball games last fall and they were looking for revenge last night and certainly got it. The Aitkin team returned this morning sadder but wiser for the experience they had. They were entirely outclassed as will be seen by the one-sided score. The home team showed excellent team work and there were some great exhibitions of individual work. The Aitkin team played as though they were really in a foot ball game and when the ball was rushed down the line and thrown into a basket they did not seem to realize what had happened.

The lineup of the two teams was as follows:

Brainerd—	Aitkin
Sanborn.....c.....	Erickson
Boyle.....rf.....	Rogers
O'Brien.....lf.....	Olson
Lowey.....rg.....	Foley
White.....lg.....	Butler
Baskets thrown—O'Brien, 15; Sanborn, 3; Lowey, 1; Boyle, 7.	
Foul baskets thrown, 2.	
Brown, referee.	
Fish, umpire.	
Doran, timekeeper.	
Time of halves, 20 minutes.	

MUSIC AND DRAMA.

RICHARD GOLDEN TONIGHT.

Richard Golden in "Old Jed Prouty" will doubtless be greeted by a large audience tonight at the Brainerd Opera House. This is one attraction among the many that the management feels perfectly safe in recommending, for it has been tried and tested and fills a long felt want.

Richard Golden's acting, and the play of "Old Jed Prouty" can be enjoyed over and over again; each time some new and delicate beauty appears, or some pleasant memory is awakened, or some sweet fancy is suggested. Certain it is that no other play before us at the present abounds in such wholesome material as we find in the homely pictures and the genial humor and tender pathos presented by Richard Golden in his work. Amid all the changes and fluctuation to which our stage has been subjected, there has obtained a strong demand for a purely American drama—a play which should truthfully illustrate a type of humanity. This demand is fully answered in "Old Jed Prouty," a production so complete in its naturalness that it seems to be not a play, but acted bits of Yankeeism and of Yankee flesh and blood plucked from down-east and spread before us for our delectation and benefit. Richard Golden, himself, is unquestionably the only delineator of Yankee character the stage has had; he does not act—he is.

Seats now on sale at H. P. Dunn & Co's drug store.

"WHOSE BABY ARE YOU."

"An effervescent ecstasy" is the way Mark E. Swan describes his latest contribution to the farcial literature of the stage, "Whose Baby are You?" that makes its appearance in this city at the Brainerd Opera House on Monday evening.

Next to Hoyt, this young author has done more to make the public laugh than any other dramatist in America to-day. He wrote "Brown's in Town" that made such a success the past two seasons. His latest production "Whose Baby are You?" he considers his funniest effort. In spite of its absurd title it really is a high class three act farce that deals with the adventures of an eccentric young artist and an amusing baby. The entire piece is a rattling jumble of fun, a maze of ludicrous situations and brain-bewildering complications that sets the average audience wild with merriment. It was constructed for laughing purposes only. An excellent company of established farceurs will interpret the piece. Mr. Myron B. Rice, who will manager the company has been fortunate enough to secure the services of Miss May Vokes and Mr. Chas. W. Bowser, who will be seen in the leading roles.

Many Brainerd People Find It Hard To Get.

Hard to sleep at night. With that awful bane, Itching Piles, With irritating Eczema, With any itchiness of the skin. Doan's Ointment relieves and cures.

Here's Brainerd testimony to prove it. Mrs. S. Brain, of 125 South Ninth street, says: "I can recommend Doan's Ointment highly for hemorrhoids, an affliction which gave me no end of misery. Procuring a box at a drug store I only made a few applications of the ointment and there has not been the slightest annoyance since. I am fully convinced after such an experience, that Doan's Ointment is a medicine which can be relied upon to cure any one suffering from an exasperating annoyance as I had."
